

# Glass

For more information on glass call the Waste Watch Wasteline on 0870 243 0136 or visit our website [www.wastewatch.org.uk](http://www.wastewatch.org.uk)

## raw materials

Soda ash  
Sand  
Limestone

1200 Kwh needed to quarry and deliver 1 tonne of raw materials

## glass factory

oil/  
gas

you

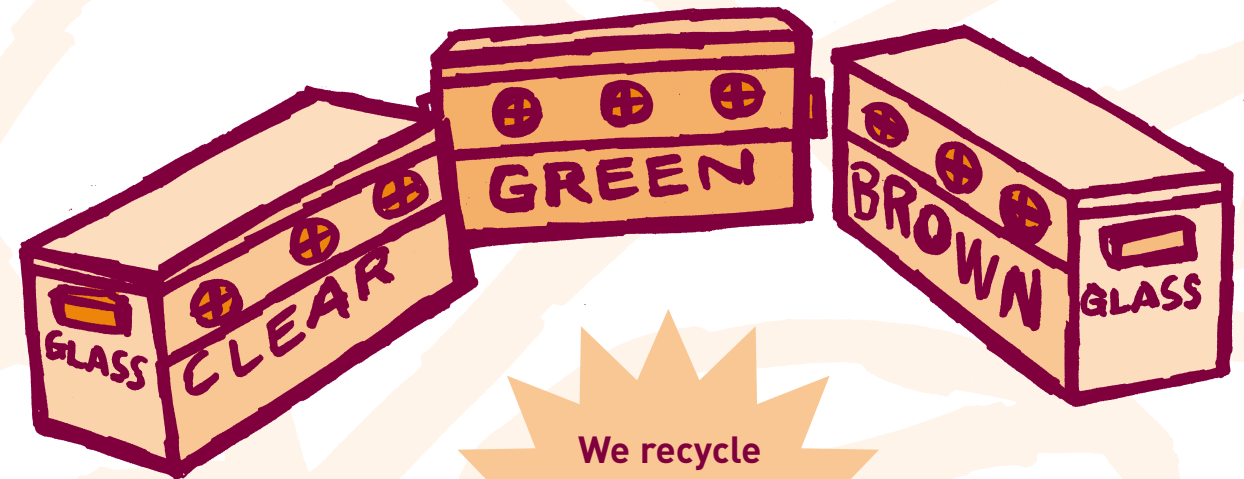

Refillable bottles save resources – provided we return them! A milk bottle can be reused on average 20 times before it is recycled.

There are over 22,000 bottle banks in the UK.

Jam jars can be reused, coffee jars and fruit juice bottles can be used to store things.

We recycle about 22% of our glass bottles and jars in the UK
